

Artworks Studio birthday pARTy package

Celebrate with us and make your child's birthday a truly special, creative day!

Art is a natural creative environment for a child's party! Kids can get their hands into everything from painting to drawing to sculpture/clay! Art parties can be created for children ages 5 and up (see below), with projects specifically designed to entertain the age of the party host and their friends. Children learn art skills & create art projects from start to finish.
